

William Edwards-Stuart

VFX | 3D MODELLING | GRAPHICS

Profile

I'm a 20 year old creative with a passion for drawing and 3D modelling. I have studied media production at the University of Brighton. Very enthusiastic about all parts of the media industry, especially visual effects. Quiet and conscientious team player and attentive to detail. Good at problem solving with both technical and creative tasks. Solid and versatile skill-base and seeking practical exposure to put my skills to practice.
